MARLBOROUGH GEMS.

[*This assemblage, the result of twenty years collecting, contains a greater number than ever has been at one time offered to the Public.—The First Volume is complete, and may be accounted unique, as all the impressions are before the numbers, the Artists names, or proofs without any letters, as in the presentation copies; the subject of Cupid and Psyche is with variations, and the whole may be regarded as a great rarity.—Those of the Second Volume, are few in number; but in point of curiosity no ways inferior.*]
